The 'Big Picture'

Socio-economic, political and cultural context

Persons of all backgrounds affected

- Rates highest among Whites, older adults
- Anticipate minority groups will be increasingly affected (must ensure equal access to treatment)
- Need to reach youth before they develop dependencies
- Women of child-bearing age and infants especially vulnerable (NAS)

Rationale

55 (3.4/100k)

- Opioid overdose deaths, County residents, 2016

241 (14.8/100k)

- Opioid overdose hospitalizations, Sacramento, 2016

1,188,824 (735.3/1k)

- Opioid prescription dispensed to County residents, 2015

The 'Big Picture' continued

Key activities

1. Facilitate safe disposal
2. Expand public education and media outreach
3. Engage the medical community/address supply
4. Promote early intervention treatment and recovery
5. Prevent overdoses, including overdose deaths
6. Enhance opioid surveillance, epidemiology and evaluation

Short-term (by Dec. 2019)		Long-term (by Dec. 2021)	
Outcomes	Indicators	Outcomes	Indicators
Create drug, needle take-back ordinance	Draft of ordinance	Implementation of ordinance	Take-back bins at multiple locations
Create new coalition website	Active website	Promote website	Website hits
Increase access to treatment	Number of MAT & naloxone providers, prescriptions	Continue increasing access to treatment	Number of MAT & naloxone providers, prescriptions
Research best practices for NAS & overdose surveillance	Completed report of existing systems	Advocate for NAS and/or opioid overdoses to be reportable locally or statewide	Local ordinance or Title 17 list to include NAS and/or opioid overdoses.

Coalition 'Elevator Pitch'

*The Sacramento County Opioid Coalition is a **collaboration** of healthcare professionals, community based organizations, law enforcement, county agencies, and concerned citizens **determined to turn the tide of our local opioid epidemic.***

***We are committed to saving lives** by preventing overdoses through expanding treatment access, promoting safe disposal, encouraging early intervention treatment and recovery, enhancing opioid surveillance, and expanding public education and media outreach.*

Why a Coalition?

Advisory Board

- body that provides non-binding strategic advice

Task Force

- a single-resource unit assembled to meet a specific tactical need

Committee

- a group of people appointed for a specific function

Coalition

- an alliance of **combined action**

Ways organizations work together

Cooperation

Coordination

Collaboration

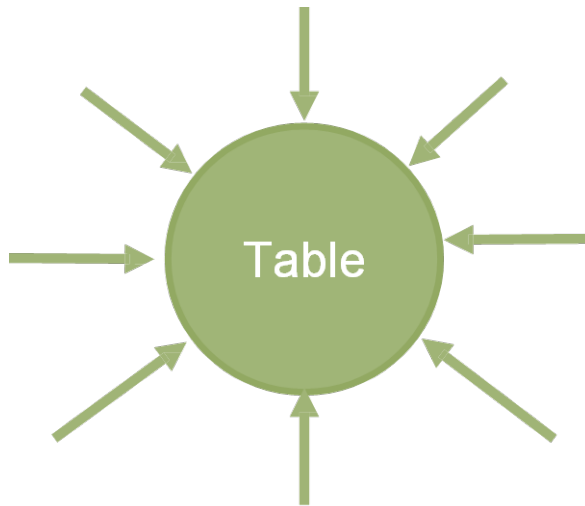

Low

Complexity and Intensity

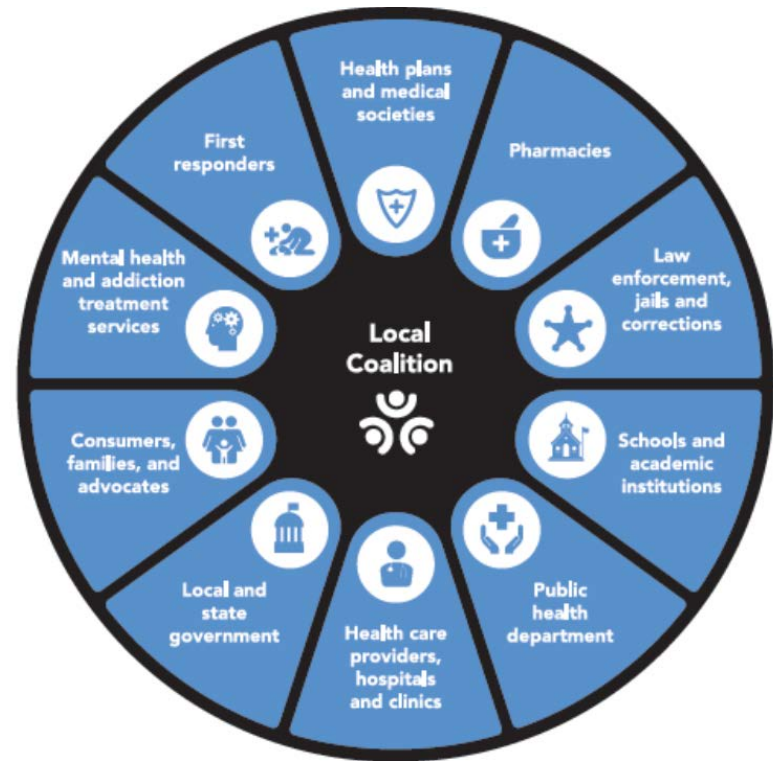

High

Next Steps/Team Action Items

- Formalize governance structure, decision-making process

- Utilize partnership mapping tool

Next Steps/Team Action Items, continued

- Vision and Mission
- Coalition Metrics
- Develop calls for action
 - How and why join coalition
 - What local work needs to be accomplished?

COSN Examples:

Health Professionals	You are the gatekeepers and primary contact for community members at risk for SUD, we need your expertise and connections to reduce opioid overdoses through supporting safer prescribing guidelines, and increasing access to MAT and availability of Naloxone.
Law Enforcement/ First Responders	Law enforcement and first responders have a critical role in saving lives and keeping our communities safe from the fallout of this epidemic.

Thank you!
